

# God is in Control

Dear friends

When I was out for a walk the other day I saw this robin singing and thought of the verse 'let all creation praise God'.

Even in these days of uncertainty when we don't know what is going to happen because of this pandemic we can praise God because he is in control.

We have a Saviour who is watching over us, if a sparrow falls to the ground He knows and how much more important are we to Him. It is good to have that assurance that nothing will happen to us unless He permits it.

We also have that promise that He will never leave us nor forsake us, so no matter what trials we are going through He is with us. Sometimes we may feel we are alone but we can rest in His promise that He is with us. We can bring our problems and worries to Him and He will sustain us. He will bring us through our trials and we will realise there was no need to worry or get stressed because He was with us carrying our burdens.

May I encourage you to read God's word and rest in the promises because they are guaranteed by God himself.

The Psalmist even though he had many troubles could say, "from the rising of the sun to the going down of the same the Lord's name is to be praised".

I trust these thoughts will encourage you.

John
